# United Bankers' Bank Announces Strategic Partnership with Blue Team Alpha

**BLOOMINGTON, MN** – United Bankers' Bank (UBB), the nation's first bankers' bank and Blue Team Alpha, an elite cybersecurity force, announce an agreement to offer cybersecurity services to UBB's community banks. Through this partnership, UBB and Blue Team Alpha will provide community banks with access to comprehensive cybersecurity services to help shore up defenses against cybercriminals.

"Very few areas present more challenges to community bankers than cybersecurity. Data breaches in financial services make the headlines weekly and regulators are cracking down. I'm happy to announce Twin-Cities-based Blue Team Alpha is the newest addition to UBB's suite of consulting services for our customer banks," commented UBB's President and CEO Dwight Larsen.

"As banks adopt advanced technologies to improve customer service and operating efficiencies, they increase their attack surface and become more vulnerable to cybercriminals. Blue Team Alpha is happy to partner with UBB to help increase the security posture of community banks and the communities they serve," said Joe Kingland, CISSP, CEO of Blue Team Alpha.

The security experts at Blue Team Alpha have experience in addressing financial institutions' complex and highly regulated demands. The company has over 25 years of experience implementing stringent IT standards for banks and financial institutions.
