Member Dashboard Page

- **Alert Summary** section will provide access to all new credit alerts
- **Monitor what matters (dark web monitoring)** section details the Web Watcher dark web monitoring service. Members can add which pieces of information they would like monitored on the dark web
- **Victim of identity theft** section will provide information on the unlimited consultation and restoration services provided by Kroll's licensed private investigators.
- **Lost Something** section provides assistance to address lost/stolen wallet/purse events

Additional Information regarding iINTEGRITY SCAN

- The program also includes the **Public Persona** service which monitors public record databases and credit header data for known addresses and aliases associated with your Social Security Number. When first enrolled an 18 month history report will be provided of all credit header data on the member's credit bureaus
- The program also includes the **Address Aware** service which reports on and monitors your address history with the USPS. When you first enroll you will be provided with an 18-month address history report and alerts will be sent if a fraudster has tried to change your primary address with the USPS

To reach a Kroll Licensed Private Investigator please call 1-866-825-4605
