

United Banker's Bank International Wire Services

Expand your suite of services, boost your bottom line, and deepen customer satisfaction with a solution that makes domestic and international payments simple and efficient.

Our online payments platform provides your bank with all of the benefits of international services, without the expense of investing in new systems and infrastructure. If you have customers outsourcing labor, purchasing real estate abroad, sending payments to overseas distributors, or importing goods, our UBB International Wire Services can help.

UBB's International Wire Services Will:

- Give your staff and customers access to a simple, intuitive platform to create international orders, find beneficiary bank information, and ensure global regulatory requirements are satisfied.
- Help cut costs and keep payments on schedule by providing your bank with access to our global financial network that will enable you to clear funds locally to over 200 countries and territories in 130+ currencies.
- Allow you to customize your risk management by assigning authority levels for each user, along with setting approver limits and the total number of approvals required to send an international payment order.
- Provide you with robust and hassle free reporting options that can be tailored to your institution.
- Enable your customers to access real-time exchange rates, allowing them to know what the exact cost of their payment will be before placing an order.

UBB International Wire Services is a Good Fit for Your Bank if:

- You have customers currently sending more than two wires in branch a month.
- You're looking for a fast and convenient way to provide international payment services to your customers.
- You prefer a time saving, online option for sending international payments versus completing extensive paperwork for each wire.
- Your customers are looking for a full-service foreign exchange payments provider.

UBB International Payment Services is a true payments partner to your community bank. We are committed to the success of your payments program and ready to assist you.
